

# Contraceptive Technology Update 1991 Index

## Abortion

anti-abortion law could ban contraception, SEP:138  
anti-abortion movement's effect on contraception, SEP:133;143  
educational videotapes on, MAR:42  
'gag rule' decision on, JUL:97

## AIDS (see 'human immunodeficiency virus')

## Anorexia nervosa (see 'eating disorders')

## Antibiotics

for treatment of resistant chlamydia, MAY:76  
for treatment of gonorrhea, FEB:26  
for treatment of urinary tract infection, JAN:9; MAY:68

## Barrier methods (see also 'diaphragm')

association with preeclampsia, MAR:45  
protection against cancer with, OCT:153

## 'Bethesda system'

of Pap smear classification, AUG:123;125

## Bioself 110 fertility awareness device

description of, NOV:181

## Breakthrough bleeding

patient bleeding log on, DEC:187  
with Norplant, JAN:1  
with OCs, DEC:185

## Breast cancer

and oral contraceptives, JUN:94; JUL:107; NOV:181  
breast cancer danger signs, JUL:107  
breast self-exam, JUL:106  
causes of, JUL:105  
reducing risk of, JUL:105  
studies planned by National Cancer Institute, NOV:181

## Bulimia (see 'eating disorders')

## Cancer

risk of developing with OCs, FEB:28; JUL:115

## Candidiasis

over-the-counter treatments for, JUL:108

## Cardiovascular disease

risk of with OCs, MAR:48; JUL:114

## Cervical cancer

risk of with OCs, OCT:161

## Cervical intraepithelial neoplasia (CIN)

detection of, AUG:125

## Chlamydia

drug regimens for treatment of, MAY:74  
treatment of resistant infection, MAY:76  
when testing is necessary, MAY:73

## Cocaine

'crack babies,' FEB:17  
definition of crack cocaine, FEB:20  
use in women, FEB:17

## Conception

definition of, SEP:140

## Condoms (male)

breakage rates in, MAY:70  
compliance with, NOV:165;170  
cost when buying in bulk, NOV:171  
couple's dialogue on, AUG:128  
free condom distribution program, NOV:170  
newer innovative types of, NOV:171  
popularity of, NOV:171  
successful overseas advertising of, MAY:69  
use among adolescents, AUG:127  
use with OCs, AUG:127; NOV:166  
why not used more often, NOV:165

## Contraception

avoiding litigation when prescribing, FEB:30  
benefits of, OCT:149;151  
effect of anti-abortion movement on, SEP:133;138;143  
for drug abusers, FEB:21; MAY:72  
for Hispanic women, APR:54  
funding for new contraceptive research, SEP:147  
lack of commercial contraceptive videos, MAR:39  
popularity of various methods, NOV:183  
threat to by definition of conception, SEP:140  
use at first intercourse, OCT:163

## Contraceptive research

funding for, SEP:147

## Contraceptive sponge

correct use of, MAR:47

## Contraceptive vaccine

as antibody against sperm, OCT:161

## Cytobrush

for Pap smear sampling, FEB:26

## Dalkon Shield (also see 'intrauterine devices')

damage settlements from manufacturer, JUL:102

## Depo-Provera

benefits of, FEB:28; JUL:113  
contraindications for use of, FEB:27  
side effects of, FEB:27  
use in drug-abusing women, FEB:27

## Diaphragm

and risk of urinary tract infection, MAY:65  
recall of Koroflex, Koromex devices, AUG:131

## Douching

and risk of pelvic inflammatory disease, JUL:114

## Drug abusers

providing family planning to, FEB:17;21; MAY:72

## Eating disorders

description of, OCT:155  
physical problems associated with, OCT:157  
seeking help for, OCT:155  
types of, OCT:155

## Ectopic pregnancy

risk of with Norplant, APR:53

## Education (also see 'videotapes')

educating Southeast Asians about teen pregnancy, FEB:31  
explaining benefits of contraception to patients, OCT:149  
instructions for Norplant users, JAN:11  
on Norplant for clinicians, JAN:1  
simplifying OC patient instructions, JUN:85  
talking to teens about condoms, AUG:127

## Experimental contraceptives

Bioself 110 fertility awareness device, NOV:181  
'chemical' vasectomy, DEC:197  
contraceptive vaccine using antibody against sperm, OCT:161  
female condoms, AUG:117  
follicle-stimulating hormone (FSH), DEC:198  
'Fem Cap' cervical cap, NOV:177  
GnRH antagonist as male contraceptive, AUG:130  
'Lea's Shield' female barrier device, JUL:110; NOV:182  
newer, innovative male condoms, NOV:171  
'P-block' tubal occlusion method, MAY:80  
RU 486 antiprogesterone, SEP:144  
vaginal rings, JUL:115; AUG:129

## Family planning

funding cuts for services, JUL:104

## 'Fem Cap' cervical cap

description of studies on, NOV:177

## Female condoms

advantages/disadvantages of, AUG:122  
availability of, AUG:117  
candidates for, AUG:121  
clinical trials of, AUG:121  
types of, AUG:119

## Food and Drug Administration

recommendations for starting, missing OCs, JUN:91,92,93

## Follicle-stimulating hormone (FSH)

as experimental contraceptive, DEC:198

## Funding

cuts to family planning services, JUL:104  
for contraceptive research, SEP:147

## 'Gag rule'

compliance with, JUL:101  
decision by U.S. Supreme Court, JUL:97

## GnRH agonist

use of a female contraceptive, DEC:198

## GnRH antagonist

use of as experimental male contraceptive, AUG:130

## Gonorrhea

incidence of antibiotic-resistant strains, FEB:26

## Hispanic women

providing contraception to, APR:54

## Human immunodeficiency virus (HIV)

reproductive concerns of women at risk for, JAN:16

## Human papillomavirus

possible causes of, NOV:173  
sexual transmissibility of, NOV:173  
treatment recommendations for, NOV:175

## Hysterectomy

higher rate in sterilized women, APR:60

## Immigrants

teen pregnancy rate among Asians, FEB:31

## Infertility

caused by pelvic inflammatory disease, FEB:25  
prevention of, NOV:172

## Intrauterine devices (IUDs)

best use of, JAN:12  
copper T 380 A, JAN:12  
Dalkon Shield, JUL:102  
improving access of, JAN:12  
insertion failure of, FEB:29  
popularity of, NOV:183  
removal after uterine perforation, APR:62  
risk of pelvic inflammatory disease with, JUN:93  
serum steroid hormone levels in users, OCT:164

## 'Lea's Shield' female barrier device

description of, JUL:110; NOV:182

## Litigation

avoiding when prescribing contraception, FEB:30

## Male contraception

experimental GnRH antagonist, AUG:130

## Mini-pill

effects on breast-feeding, MAR:48; DEC:192

## National Academy of Sciences

recommendations for breast cancer studies, JUN:94

**Norethindrone**  
use of by female athletes, MAR:47

**Norplant**  
approval of by Food and Drug Administration, JAN:1  
(Special Bulletin)  
bleeding patterns associated with, JAN:6  
clinical experience with, NOV:179  
cost of, JAN:1; APR:49; NOV:182  
counseling the user of, JAN:12  
description of, APR:58  
foundation for low-income women, JUL:112  
glucose, insulin levels with, DEC:195  
informed consent with, DEC:200  
instructions for user, JAN:11  
mandatory use of in California court, MAR:36  
North Carolina county provides funding for, OCT:160  
reproductive freedom with, MAR:36  
risk of ectopic pregnancy with, APR:53  
risk of pregnancy with if regular bleeding occurs, APR:52  
side effects of, JAN:1  
training in insertion/removal of, JAN:1  
quality of care when instituting as new method, JAN:6  
use of in family planning clinics, JAN:1; APR:49; NOV:179

**Options counseling**  
under 'gag rule,' JUL:100, 101

**Oral contraceptives**  
and breast cancer, JUN:94; JUL:107  
and use of condoms among teens, AUG:127  
availability of Ortho Cyclen, DEC:198  
benefits of, OCT:149  
breakthrough bleeding with, DEC:185  
effects on glucose levels, OCT:159  
effects on insulin levels, OCT:159  
for breast-feeding women, DEC:192  
for women older than 40, DEC:192  
for postcoital contraception, APR:63  
for prevention of pelvic inflammatory disease, APR:62  
for treatment of polycystic ovary syndrome, MAR:45  
missed pills, JUN:85,89,92  
most common health concerns with, DEC:190  
most popular brands, DEC:194  
most popular method, NOV:183  
patient package insert labeling, JUN:85  
prescribing postpartum, DEC:190  
prescribing to spinal-cord injured patients, APR:61  
protection against cancer with, OCT:153  
recommendations for starting, JUN:90,93  
recommendations for taking pills, JUN:91  
risk of cancer with use of, FEB:28; JUL:115  
risk of cardiovascular disease with, MAR:48; JUL:114  
risk of cervical cancer with use of, OCT:161  
risk of ovulation with missed pills, MAY:83  
risk of ovulation during placebo week, MAR:47  
simplifying OC instructions for, JUN:85  
Triquilar OC study, JUL:115  
types of foreign OCs, JUL:112

**Osteoporosis**  
calcium intake to prevent, APR:57  
causes of, APR:55  
estrogen therapy for, APR:57  
prevention of, APR:55  
risk factors for, APR:56

**Ovulation**  
risk of during placebo week with OCs, MAR:47  
risk of with missed pills, MAY:83

**Pap smear**  
'Bethesda' classification system for, AUG:123  
brush, spatula collection method to obtain, AUG:125  
obtaining adequate specimen, NOV:176  
using cytobrush to obtain, FEB:26

**'P-block' tubal occlusion method**  
success of in Sweden, MAY:80

**Pelvic inflammatory disease**  
douching and, JUL:114  
early treatment of, FEB:23  
infertility caused by, FEB:25  
new Centers for Disease Control guidelines for treatment of, FEB:23; NOV:176  
prevention of by OCs, APR:62  
risk of with IUDs, JUN:93

**Polycystic ovary syndrome**  
treatment of with OCs, MAR:45

**Postcoital ('morning after') contraception**  
comparison of hormonal regimens, APR:63

**Postpartum patients**  
providing OCs, DEC:190

**Preeclampsia**  
association with barrier methods, MAR:45

**Premarital sex**  
and anti-abortion movement, SEP:133  
and contraceptive use, OCT:163  
rate in U.S. teens, MAR:46

**Premenstrual syndrome**  
use of progesterone to relieve, APR:58

**Progesterone**  
use of to relieve premenstrual syndrome, APR:58

**Prostate cancer**  
studies linking with vasectomy, MAR:43; JUN:95

**RU 486**  
approval of in Great Britain, SEP:144  
effect of anti-abortion movement on U.S. approval, SEP:144  
status of in United States, SEP:144

**Salaries**  
of family planning physicians, APR:63  
of all family planning clinicians, NOV:(special salary survey supplement)

**Sexuality**  
and anti-abortion movement, SEP:133  
sexual activity in rural teens, JAN:14

**Spermicides**  
and risk of urinary tract infection, MAY:65

**Spinal-cord injured patients**  
providing OCs to, APR:61

**Sterilization (also see 'vasectomy')**  
higher hysterectomy rate with female sterilization, APR:60  
'P-block' method of tubal occlusion, MAY:80  
thermal bowel injury with laparoscopic tubal sterilization, APR:64

**'Sunday-start' OC regimen**  
in pill labeling, JUN:85,89  
problems with, MAR:33  
reason for manufacturers recommending, MAR:33

**Teenagers**  
condom use among, AUG:127  
large sexual behavior study cancelled, OCT:154  
pregnancy rate in Asian immigrants, FEB:31  
premarital sex rates in, MAR:46  
sexual activity in rural teens, JAN:14

**Toxemia**  
role of diet in developing, JAN:9

**Urinary tract infections**  
antibiotic therapy for, JAN:9; MAY:68  
how to prevent, JAN:7  
relationship to spermicide use, MAY:65  
signs/symptoms of, JAN:7  
treatment of, JAN:7

**Vaginal pouch (see 'female condoms')**

**Vaginal ring**  
experimental device in clinical trials, MAY:79; JUL:115  
use of as contraceptive with monoclonal antibodies, AUG:129

**Vasectomy**  
experimental 'chemical' vasectomy, DEC:197  
studies linking with prostate cancer, MAR:43; JUN:95

**Videotapes**  
evaluation of educational contraceptive videos, MAR:41  
lack of educational contraceptive videos on market, MAR:39

**Withdrawal**  
use of as contraception, MAY:81
